Frank Gotch Is Still Champion Wrestler

America Defeats the Pole in Two Straight Falls at Chicago.

Chicago, Ill., June 2.—Frank Gotch, the Iowa farmer, remains the mat champion of America as the result of his defeat here last night of Stanislaus Zbyszko, Polish champion. The American won in two straight falls at the Coliseum. The victory was made by skill, speed and head over brawn, bulk and ignorance of the game.

Gotch outclassed his bulkier opponent in every department of the game. After Gotch had won the first fall in the phenomenal time of six and one-quarter seconds, it was only a question of how long the Pole could hold out against the attack of his more skilled rival.

The hold that sent the Pole down was a bar lock and half Nelson.

Warned by his sudden downfall, Zbyszko was more cautious, and it took Gotch 27 minutes and 36 seconds to win the match with a bar and wrist lock.

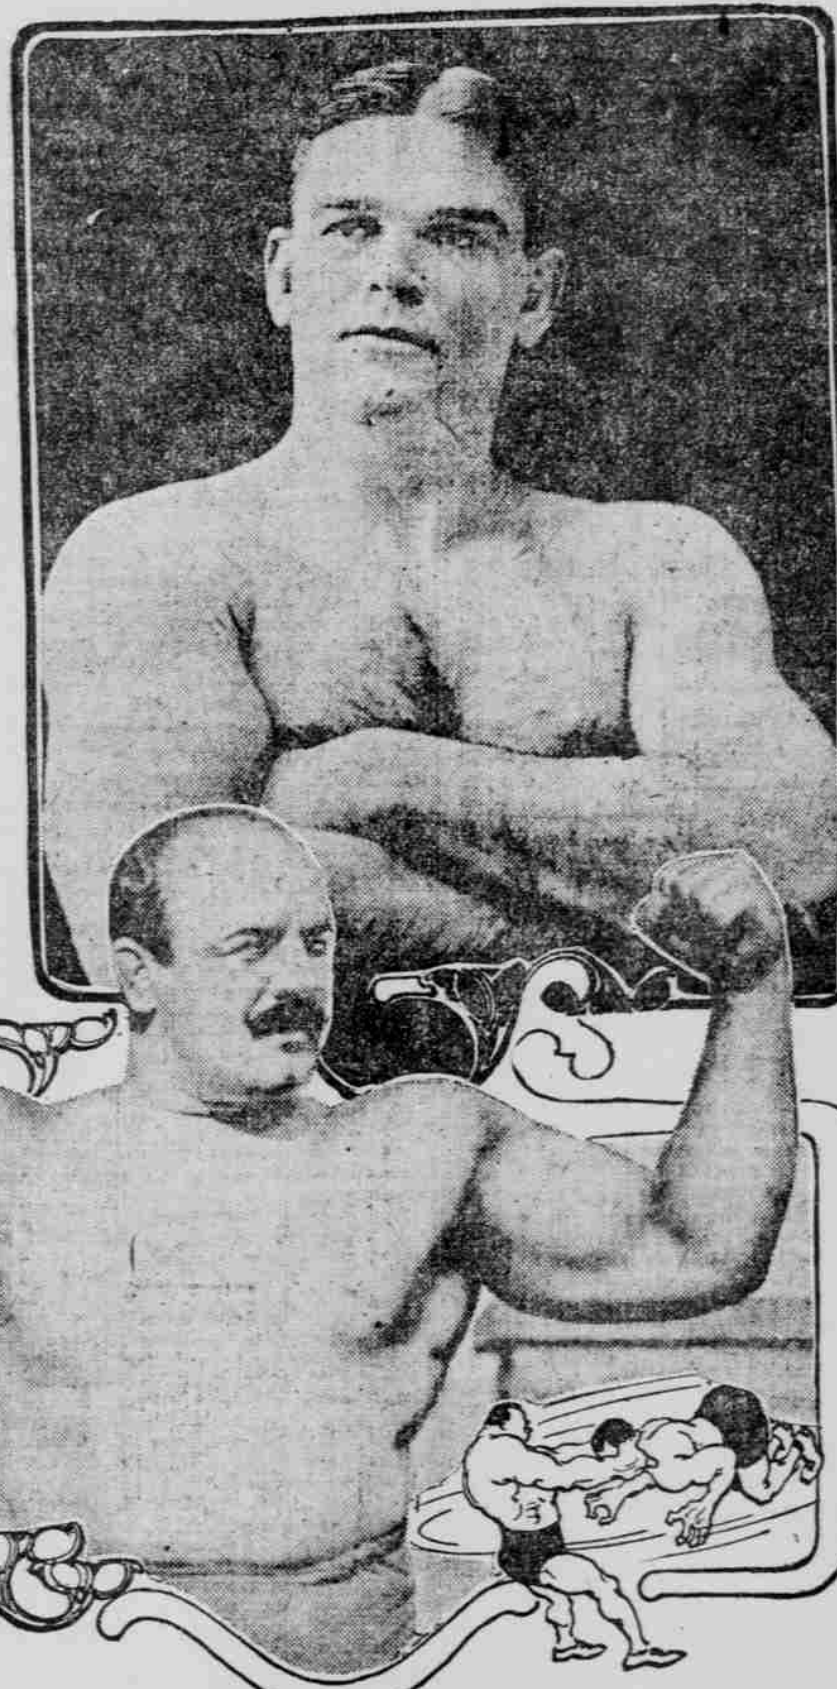

The result demonstrated that Gotch must have been out of condition when he lost the handicap match to Zbyszko at Buffalo. In that encounter Gotch agreed to throw the Pole twice within an hour, but failed to get even one fall in the allotted time.

The American champion was tendered a great ovation at the conclusion of the match. He was borne from the ring on the shoulders of a howling mob, while the defeated Pole, with a

look of pain on his face, was barely able to stagger down the ladder from the raised square.

Referee Fleming said that there was no doubt in his mind that the first

fall was clean and decisive. A feeble protest was registered by Jack Herman, the Pole's manager, but apparently he realized that he had no grounds on which to base it.

Wednesday's Games—Special Wire to The Herald.

HOME RUN WON FOR SAN ANTONIO.

San Antonio, Tex., June 2.—The home run by Spintson in the ninth inning won the game for San Antonio from Galveston by the score of 2 to 1. The contest was one of the best ever seen on the local diamond. It was a pitchers' battle, in which Bradford outpitched Ables, but a lucky hit in the ninth lost him a well earned victory.

THE THIRTEEN INNING GAME CALLED.

Oklahoma City, Okla., June 2.—The Panthers and Indians battled 13 innings Wednesday without a result, the score being 3 to 3. Oklahoma City led until the seventh inning, when the Panthers made three runs, getting the lead. The locals tied the score in the same inning. Pitchers on both sides did fine work.

POOR EXHIBITION BY DALLAS.

Shreveport, La., June 2.—Hirsch, for Dallas, did well until the last three innings of the game Wednesday, when he was batted all over the field, the final score being 8 to 2 in favor of the locals. Five errors by Dallas helped matters along. That team is now playing rotten ball, and if it keeps in the first division it must take a bump.

HOUSTON EASILY DEFEATS WACO.

Waco, Tex., June 2.—The champions found it an easy matter to defeat the trailers Wednesday by a score of 6 to 2. Ogles was batted out of the box in the first inning. Veltz did well until the ninth when the Buffaloes made two more runs. Rose pitched good ball throughout the game.

METCALF TEAM DEFEATED BY CLIFTON; SCORE 23 TO 0

Clifton, Ariz., June 2.—The much heralded Metcalf team met a rather inglorious defeat at the hands of the Clifton Grays. It was Metcalf's first appearance in the baseball world.

The Grays hammered in seven runs in the first and drove the star Metcalf pitcher to the bench. After that it was

a one sided affair till the seventh, when the game was called.

The Grays played their usual, steady game.

The score: R H E

JEFFRIES ORDERS TRAINERS TO HIT AND HIT HIM HARD

Ben Lomond, Cal., June 2.—There was some lively boxing in Jeffries' camp yesterday, the first for a week.

Jeffries laid down the law to his sparring partners before he began, intimating that if they did not slug a would, and the result was immediately noticeable.

Bob Armstrong was the first man up. He rushed Jeffries from the start and cut a lively pace for three rounds. Just before time was called for the bout, Jeffries drove his glove into Bob's mid-section and Armstrong doubled up with a grunt.

Joe Chynowski came next for three rounds, and there his weight came down that way. For the present, McCarty has been benched. His hitting dump has put him out of the running, and, should this be attached to the private Pullman in which the club and roofers are to make the trip, the entrance into the arena is second only to Caesar's entrance into the Colosseum, where did old Cies enter?

Bob Wright has it. In his first practice on the local field Wednesday, Wright went the distance like a hand-cup winner and has everything needed to fill Pick's place down shortstop way. Wright will be a permanent fixture to the Max club from now on and the Hewitt boy will shift back to his third base position, where his weight is needed to head off the hot ones that come down that way.

Speaking of pitchers, the local club has the finest bunch of pitchers that ever got together on one club in this or any other league. Gill slaps the ball out like a second Wagner. Booles can be depended upon for it hit when needed and Gray has the goat of every pitcher in the league. The old story that a pitcher need not hit as he has enough to do to pitch a game, is all foolishness. A hitting pitcher is as much of an asset to a team as any other player and there is no reason for a slabman throwing off on his batter just because he happens to be in the pivot place. Master Runsey, who got away with his game so well Monday, is working better every day and promises to have enough to outguess the best of the Cactus batters, by the time he works again. Booles is also going good after his temporary attack of Chley here and will be due to pitch Sunday's game against Bisbee. Gill will probably pitch the Saturday game and it will be either Gray or Booles for Sunday's job with the pitchers spelling each other in the sun field.

Jeffries was in a working mood and after losing a handball game to Corbett, punched the bag for half an hour and wound up the day with his abdominal exercise, to which he attributes his success in reducing his waist line.

An Accident.

What Benjamin SAYS

Plick booted another but his work in the Fort Worth-Shreveport game at Shreveport Tuesday was to the good, aside from this one blunder. He did not get in on the hitting but had one put-out, four assists and "one innocent error." Shreveport won the game from Ft. Worth in a fast two to one game.

The managers of the different clubs have a hard nut to crack. The question has been raised by Bisbee and Cananea as to the propriety of counting the Friday games in the standing of the clubs. Harbuck and O'Donovan say they should be counted. Welling and Dalrymple say they should go as exhibition games. It is presumed that the matter must be submitted to arbitration.

Bob Krakauer, Harry Potter, Edgar Kayser, Garnett King, E. P. Kepley, Dr. Jerome Triolo, Art Woods, E. R. Thornton, and Jose Peraltia are going to Bisbee for the Saturday and Sunday games. Tickets, \$2.50 plus Pullman fare \$2 each way, is the total damage for the roundtrip. A number of other local enthusiasts are expected to join the party before it leaves Friday evening. It requires but 13 men to get a

tomobile last evening with a party of friends, Jeffries narrowly escaped an accident. While covered sharp curve Jeffries' car suddenly came onto a horse and buggy. Prompt application of the brakes averted a collision, but the horse reared over the front of the car and overturned the buggy, throwing two women into the road.

The animal, tearing itself loose from the buggy, ran away, but was caught by Jeffries and Dick Adams. They righted the vehicle and reharnessed the horse, after which the party continued on to Santa Cruz, where Jeffries went to take a sea bath.

A signed statement was issued by Jeffries today with respect to the recent discussion as to the possible retirement of Tex Rickard as referee and the substitution of Eddie Smith. The statement follows:

"In reference to the referee matter, my position is this: I have accepted Rickard after stating my preference for Smith. After accepting Mr. Rickard, in whom I have every confidence, I can not very well ask him to resign. He is good enough for me. But in the event of his not wishing to act of his own feeling that it is against the best interests of the match for him to officiate, then Mr. Smith is acceptable to me. This, however, is decidedly up to Mr. Rickard, as I can not accept a man and then ask him to resign. Either man is acceptable to me.—James J. Jeffries."

BISBEE OR Bust and back home

busted if the Mavericks do not do their expected Sapelo stunt to the Maroons on Saturday and Sunday. The club is going over in state Friday night, not the same kind of state that the good old sport, King Edward, was put as with, but the best the Pullman company can supply. A shift in the arrangements has been made by which the team will go over to Bisbee Friday night instead of Thursday as first planned and the fans who will go to Bisbee for the series will have an opportunity to rub elbows with the bright and shining ones of the Maverick layout. A private car is even hinted at for the trip, to be manned by one of the best sports among the fans and, should this be attached to the private Pullman in which the club and roofers are to make the trip, the entrance into the arena is second only to Caesar's entrance into the Colosseum, where did old Cies enter?

It requires but 13 men to get a

special Pullman for the trip and, as the club will consist of 13 players and the manager, the 18 has already been assured.

Dalrymple and his men returned to Bisbee Wednesday night, as if they had won the three game series instead of a draw as the best they could get out of the three. Lamar went in on one wheel because of a collision with a motorcycle down town Saturday. Graham has a tin ear from that blow he got Monday and Kelly returned home all shot to pieces generally and was unable to play in the Sunday game here. But the Maroons were not sore mentally about their trip to El Paso and are planning to return the favors shown them here when the club goes over Saturday.

To prove that the baseball writers are not as devoid of sentiment and real feeling as their own press, especially the ball players would believe, the following is offered in evidence. At Louisville Decoration day the graves of poor Harry Pulliam, the late president of the National League, and Dr. Maurice Powers, the great Philadelphia catcher, were decorated with flowers by one of the Louisville baseball writers, representing the National Baseball Writers' association. Pulliam and Powers were both friends of the scribes and it has been decided to make the decorating of these graves an annual observance at the expense of the association.

Bob Wright, the new infielder of the local club, says he has been enjoying the hot weather immensely, as he was unable to get good and hot all season at that East Liverpool place.

In his polite way Dalrymple has requested a shade over the visitors' bench at the park here and since old Dal wishes it, the matter will be attended to at once. Anything that good old sport wishes in this part of the cactus he may have for the asking.

Big Chief Myers is writing to Bisbee for information about this deskie boy, who has been hitting around the half thousand mark this season. Big chief has his eyes on Deak for the Giants and he may be given a chance at Marlin Springs next season.

Clifton is going after players as far east as Pittsburgh. The manager of the Clifton bunch has heard of a pitcher over in that part of the world and has sent for the player.

Bisbee's fans are planning to accompany their pet team to El Paso the next time the Maroons appear at G. Washington park, and a special \$5 rate is being arranged for them.

After carefully balancing the books of the late White Sox smoker, treasurer of Art Woods finds that he has a deficit of 47 iron men to meet. Who will be the first live one to send in \$1 to Art or The Herald and get his name in the list of immortals?
